

# What is Snowshoe...?

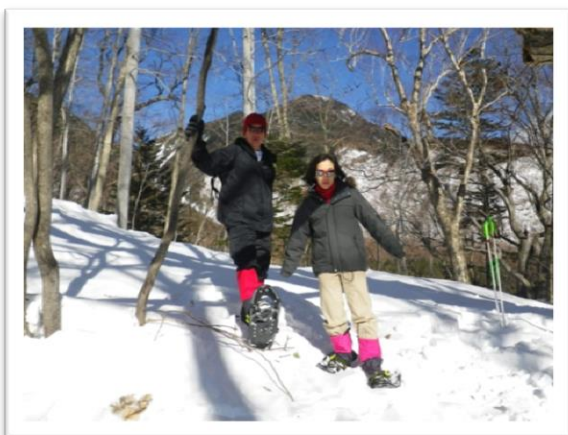

**Snowshoes are Western-style "snowshoes" that allow you to easily walk in the snow.**

**Snowshoeing can be enjoyed by everyone, from children to adults, without the need for special training or skills.**

**Snowshoeing allows you to explore snowfields and forests at your leisure, not on footpaths, and enjoy the spectacular winter scenery. Experience the nature of Oku-Nikko in the fluffy snow.**

**The hotel offers snowshoe rentals as well as tour packages with an instructor (limited dates).**
